Tarini Akula

Business Analyst | IT Analyst | Systems Analyst | Salesforce Certified
akulatarini@gmail.com | +1 (361) 265-8824 | LinkedIn | Github | MD, USA

PROFESSIONAL SUMMARY

Business & IT Analyst with 2+ years translating complex, large scale business requirements into measurable technical solutions across healthcare, government, HR/ATS, and nonprofit domains. Experienced in end to end requirements lifecycle such as elicitation, BRD/FRD authoring, gap analysis, UAT facilitation, and stakeholder alignment in Agile/Scrum. Unique differentiator: hands on Salesforce admin and development capability enabling direct translation of requirements into working solutions without handoff loss.

TECHNICAL SKILLS

Business & Systems Analysis: Requirements Elicitation, BRD/FRD/FSD Authoring, User Stories, Acceptance Criteria, Gap Analysis, RTM, As Is To Be Process Mapping, BPMN, UML, JAD Sessions, Impact Analysis, HIPAA Compliance, Electronic Health Records (EHR)

Data & Reporting: SQL, Excel (Advanced, Pivot Tables), Power BI, Tableau, Salesforce Reports & Dashboards, KPI Definition, Root Cause Analysis, Data Auditing

Cloud & CRM Platforms: Salesforce (Health Cloud, Service Cloud, Experience Cloud, NPSP), REST/SOAP APIs, OAuth 2.0, ETL, Data Loader, OpenAI API integrations, Healthcare SaaS

Tools & Methodologies: JIRA, Confluence, Azure DevOps, Lucidchart, Visio, Figma, Agile/Scrum, Waterfall, UAT Coordination, Defect Tracking, ITIL, ServiceNow

Administration: Profiles, Permission Sets, Roles, Sharing Rules, OWD, FLS, Record Types, Schema Builder, Sandbox Management

Development: Apex, LWC, Flow Builder, Python, Java, SQL, MySQL, HTML, sufficient depth to author technical specs and validate implementations directly

CERTIFICATIONS

Salesforce Certified Administrator (ADM-201) | Salesforce Certified Platform Developer I (PD1) | Copado Certified Fundamentals, Metadata Pipeline (CI/CD)

PROFESSIONAL EXPERIENCE

Accenture (Contract) | Apr 2026 to Present

Salesforce Administrator/Developer, State of Illinois (Healthcare), Remote, USA

- Owned end to end requirements lifecycle for a statewide public health platform: conducted JAD sessions with 10+ stakeholder groups, authored BRDs and FRDs, and maintained a full RTM from business need through UAT sign off across 4 sandbox environments.
- Performed gap analysis between legacy case reporting processes and target state Health Cloud capabilities; produced As Is To Be process diagrams in Lucidchart that reduced rework cycles by 30% during development.
- Defined REST/SOAP API data mapping requirements for real time integration with external lab and enterprise reporting systems.
- Led UAT cycles end to end: authored test scenarios, coordinated 20+ end users, tracked and triaged defects in JIRA, and secured formal release sign off; built executive compliance dashboards providing real time visibility into statewide case volumes.
- Gathered and documented functional requirements for healthcare software modules in compliance with industry data standards and HIPAA guidelines.
- Facilitated User Acceptance Testing (UAT) and created end to end traceability matrices across Agile release cycles.

Intellibee Inc (Contract) | Apr 2025 to Apr 2026

Salesforce Administrator/Developer, IntelliHRM, IntelliATS, IntelliTIME, NPSP, City of Boston, Michigan, USA

- Gathered and translated stakeholder requirements into functional specifications across 3 enterprise workforce products; defined automation rules that reduced manual processing effort by 30% and timesheet errors by 35% at scale.
- Specified a weighted AI resume scoring model (Skills 60%, Summary 25%, Certifications 15%) and OpenAI API integration requirements; resulting system cut recruiter data entry time by 40% and duplicate records by 40%.
- Identified and documented workflow bottlenecks across HR and ATS processes, reducing average task turnaround time by 40%; coordinated a 10,000+ donor record data migration achieving 99% accuracy with full field mapping traceability.

Perficient Corp Inc (Contract) | Aug 2024 to Apr 2025

Salesforce Business Analyst, Partner & Customer Experience Portal, NC, USA

- Gathered UX and functional requirements for self service Experience Cloud portals serving 500+ users; specified role based access controls and onboarding automation compressing account setup from 2 days to 30 minutes (97% reduction), lifting portal adoption by 20%.

IBM | Apr 2021 to May 2022

Business / IT Analyst, Sales & Order Management System, Hyderabad, India

- Authored BRDs/FSDs for order automation and ERP integration; led a 4 person cross functional team to 98% SLA adherence; reduced system downtime by 15% through targeted gap analysis and process redesign.

SportsPlus Software Technologies | Jul 2020 to Apr 2021

IT Business Analyst, Sports Club & League Management Platform, Hyderabad, India

- Delivered BRDs/FRDs with 98% stakeholder approval through structured elicitation workshops; designed end to end test strategies (functional, regression, UAT, data migration) contributing to a 10% post release satisfaction improvement.

EDUCATION

M.S. Computer Science, Texas A&M University, Corpus Christi, TX, USA | May 2024

B.Tech Electronics & Communication Engineering, Malla Reddy College of Engineering and Technology, India | Jul 2020
